

Discover the prestigious wines of the Graves & Sauternes

Drive along mythical appellations (Graves, Pessac-Léognan) which made the reputation of the Bordeaux wines.

It was in the Graves Appellation that the First Ever Bordeaux vines were planted over 2000 years.

The territory is remarkable for its diversity from the prestigious châteaux Haut-Brion or Yquem, but also family-run estates and historical sites.

Wander through the vineyards, tour around the vat rooms and the cellar, listen to an explanation of the wine making process, all the way from the vine to the bottle and taste the estate's wines.
